SUMMARY OF ACTION TAKEN ON ARTICLES IN

1985 TOWN WARRANT

The annual Town Meeting for discussion of the warrant was opened by Moderator Robert A. Johnson at 9:00 A.M. at Coe-Brown Academy. True Chesley moved that we dispense with reading of the entire warrant as each article is printed in the Town Report. Charles Bailey seconded and motion adopted by unanimous voice vote. Moderator Johnson in spirit of good fun gave the Chairman of the Selectmen, Walter Crandall, a plastic hot seat in anticipation of the trying day to come. In a more serious manner, Lois DeTrude presented the Selectmen a gift of a beautiful crewel work design of the Town Seal, done by various local needlework craftsmen. It is hoped that someone can make a frame from the Berry Elm for this lovely wall hanging. (We later learned that Mr. Alan Thomson will make a cherry frame for this.) Truly, this work will be admired for many years to come and serves as a reminder of our 1973 bicentennial celebration.

ARTICLE 1 George Stanhope moved to indefinitely postpone this article. Charles Bailey seconded. Stanley Dodier spoke of moving to Bow Street and cannot get electricity or phone because the road isn't maintained by the Town. Mr. Peterson asked if it was a Town road, and if it is, it should be taken care of. A voice vote was so close that a show of hands was taken: 42 YES 36 NO. There was some question that some of the voters had not received cards to hold up when the votes were taken so another vote would be taken after all were urged to get cards if they were registered voters. A long period of discussion followed. Mr. Richardson, the Road Agent, says he feels that $11,000.00 would not be enough to bring this Class VI road up to Class V standards. Mr. Bailey asked Mr. Dodier if he were aware that this was a Class VI road when he purchased the property. Mr. Dodier replied he knew it was a Town road but wasn't aware that it wouldn't be plowed by the Town. Mr. Bailey feels the Planning Board did tell him. Mr. Frary asked the Budget Committee to give their reasons for not recommending this article. James Colburn says they felt this road was not a top priority considering how many other roads need repairs this year. Polly Pinkham spoke in favor of the road. Allan Holmes felt they spent $10,000.00 on High St. without a house on it. Mr. Crandall says that was a Class V road to start with and it needed to be fixed to make it easier to plow that house at the top. Mr. Dodier spoke about being willing to make a turn-a-round so they could plow. He thought Mr. Tasker said $11,000.00 would be enough to do the road. The move to indefinitely postpone was put to a vote again and defeated by a show of hands: 45 YES 62 No.

Jean Johnson then moved that Article 1, as in the warrant, be moved. (Article reads: To see if the Town of Northwood will vote to change the classification of Bow Street, so called, from a Class 6 to Class 5 in the portion of the road between Mr. and Mrs. McRae's following 1,100 feet down the road to the bottom of Stanley and Susan Dodier's driveway. We ask that the Town also appropriate $11,000.00 to finish this portion of the road. The

estimate of $15,000.00 was submitted by M. D. Tasker and Perry Richardson, Road Agent, to build this portion of the road to Class 5 standards. (We have since done a portion of this work at our own expense, consisting of approximately 280 yards of gravel, 30 feet of culvert, truck, bulldozer, loader, backhoe; work totalling approximately $4,200.00.) Mr. Peterson seconded. Jean Lane reminds us that we have a Road Committee and wonders why we don't come to their meetings to help them plan? Road Committee member John Lane says it is their policy to bring Class 5 roads up to standards before doing Class 6 roads. Mr. Dodier says this road was once a Class 5 road and Perry Richardson explains that any Class 5 road becomes Class 6 if no work is done on it in a period of 5 years. Mr. Chesley answered a question about liability on the road and said that the Town's liability on Class 6 or 5 is the same. Richard Beauregard and Gordon Smart both spoke about the possibility of increasing the tax base by investing in new roads. A yes and no ballot was requested and the results were: 69 YES 64 NO. Motion was adopted.

ARTICLE 2 Moderator Johnson asked John Lane to preside while he spoke about this article, giving the Town a legal claim to a road that essentially was never a Town road legally. Donald Post wants it classified as a Class 5 or 6 before voting on it. When it was learned that no motion was on the floor, Donald Post moved to indefinitely postpone the article. Charles Bailey seconded. 87 YES 4 NO Motion to postpone adopted so Tasker Shore road was not accepted as a Town Road.

ARTICLE 3 Robert Herron moved to change the classification of that portion of Upper Deerfield Road, which extends from the end of Class 5 road to the Beauregard driveway (a distance of approximately 300') from Class 6 to Class 5. Mr. Dodier seconded. Mr. Richardson says no money is mentioned so we cannot act on this now. Mr. Beauregard says it is not true that money has to be spent to change the classification. The real estate agent told him it had been plowed. Mr. Murray Tasker told him it had not. The former owner, Mr. Francis never signed a release which the selectmen had sent to Mr. Beauregard. He says he got his permit in October, then 2 months later got a release to be signed. The subdivision had been approved. A voice vote carried: 79 YES 10 NO.

ARTICLE 4 Jean Lane moved that the Town raise and appropriate the sum of $149,400.00 for Town Road maintenance. George Stanhope seconded. Donald Post moved to amend: that each item should be taken up separately. Veronica Post seconded. Show of hands on amendment was: 44 YES 66 NO. So amendment was defeated. The original motion showed the sum of $149,400.00 broken down as follows: Supervisor of Public Works salary $5400.00; Summer maintenance $28,140.00; Winter maintenance $40,860.00; New construction & repairs $75,000.00. Of the $149,400.00 total, $34,281.40 is comprised of Highway Block Grant money and $115,118.60 of Town money. Further, the $75,000.00 for new construction and repairs is broken down as follows: Old Turnpike Road $10,357.00; Canterbury Road $8,179.00; Shim Bow Lake Road $7,392.00; Shim Mountain

Road $13,728.00; Tar Old Pittsfield Road $1,610.00; Tar Jenness Pond Road $10,430.00; Tar Upper Bow St. $3,422.00; Surface hill on Harmony Road $1,150.00; Surface High St. $3,420.00; and Shim Pender Hill $15,312.00. Main motion adopted by voice vote.

ARTICLE 5 Donald Post moved that the Town raise and appropriate the sum of $4000.00 for General Expenses of the Highway Dept. Theresa Herron seconded. Mr. Behm wonders why a separate article is needed for this. Mr. Crandall says that Page 27 of the Town Report will show what this includes. Mr. Holmes asks for and gets an explanation of what a pager is and why needed. Mr. Magoon asks where the new culverts will be placed and is told that they will only be installed if needed during the year. Motion adopted by voice vote.

ARTICLE 6 Donald Post moved that the Town raise and appropriate the sum of $5,000.00 for the Fire Station Construction Capital Reserve Fund. Jean Lane seconded. Motion adopted by voice vote.

ARTICLE 7 Charles Bailey moved that the Town raise and appropriate the sum of $16,000.00 to be used for the purchase of the Sherman land at Northwood Narrows and survey of adjoining land owned by the Town which is to be incorporated with the Sherman land and used for the location of the new fire station. Charles Johnson seconded. Allan Holmes asks if we own other land that could be used. Chief Calef replied that no other suitable land was available as the Space Needs Committee had found in their previous study. Robert Magoon feels that the Narrows is too congested and the fire station should be on Route 4. Mr. Calef says the State doesn't want them on Route 4. Mr. Beauregard asked how many stations we now have and will they be phased out. The reply is that the East End station probably will be but that now that is only used to house the old forestry truck and the town cruiser. This proposed site will not increase rates of residents in East Northwood. The new station will be a 3 bay building. It was brought out that the present fire house with an estimated value of $2000.00 at the most will revert to the Shermans as they own all the land around it. The Ridge Station will stay as it is and Mutual Aid will help as they now do for distant parts of the Town. True Chesley amends the article to authorize the Selectmen to give a quitclaim deed to Mr. and Mrs. Herbert Sherman for the present Narrows fire house and land when the new fire house is completed. Jean Lane seconded. Amendment adopted by unanimous voice vote.

Senator William Johnson reminds us that to voice confidence in our fire department, we would want to vote Yes on the article. Main motion adopted by voice vote.

ARTICLE 8 Jean Lane moved that the Town withdraw from the Fire Station Construction Capital Reserve Fund the sum of $24,500.00 to start the construction of a new fire station at Northwood Narrows. George Stanhope seconded. Veronica Post asks what the figures would be for the completed station. Chief Calef says contractors are donating their time. The money will be used for materials. They hope to complete the shell in 1985. Next year they

may be asking for another 25 to 40 thousand dollars to complete it. The announcement that some contractors had offered to donate their time drew a round of applause. Motion adopted by voice vote.

Recessed for lunch until 12:30 P.M.

Reopened at 12:40 P.M. with announcements of various support groups at the back of the hall deserving of our help, such as the Senior Class, Elementary School Group, Conservation Committee, Berry Elm tree souvenirs, and tickets for the Fireman's Spaghetti Supper in April. Mr. Johnson asked the Selectmen for an estimate of what they think next year's tax rate may be. They replied that possibly 30 or 31 dollars if budget passes as planned.

ARTICLE 9 Theresa Herron moved that the Town raise and appropriate the sum of $3000.00 to be placed in the Highway Safety Capital Reserve Fund and authorize the withdrawal of $3000.00 for this purpose from the Federal Revenue Sharing Fund. Robert Herron seconded. Motion adopted by voice vote.

ARTICLE 10 Jean Lane moved that the Town raise and appropriate the sum of $13,800.00 for a new police cruiser, and authorize the withdrawal of $7,800.00 from the Highway Safety Capital Reserve Fund and the withdrawal of $6,000.00 from the Federal Revenue Sharing Fund for this purpose. Stephanie Buzzell seconded. Mr. Mac Cord wants the Chief of Police to make clear the need of this new cruiser. Mr. Shafer refers them to a printed handout he has made available. The old cruiser would be put up for public auction. It has already had two transmissions. Senator Johnson asks what are the implications if we don't pass this article. Chief Shafer cites the need of the second vehicle if the good one is out of town or down for repairs as was the case this past year. Kenneth Martin asks what % of their mileage is on Route 4? The reply is that to get almost anywhere in Northwood you have to use Route 4. The budget committee supports this article. Mr. Frary asks if we need more money to buy this cruiser. The selectmen say it is all there. Mr. Post objects that money from Revenue Sharing is counted as free, pointing out that the $6,000.00 could be used to defray Selectmen's expenses coming in a later article. Robert Grant, owner of Grant's Garage feels we should get more mileage out of the Pontiac Lemans and offers to keep it maintained free for the next year. Ronald Tasker asks if the new cruiser will need new equipment. Answer is that equipment is already in possession of the Town. Motion was defeated by a yes and no ballot. 52 YES 71 NO. Moderator Johnson reminds them that if anyone plans a motion to reconsider this article, they should announce their intent at once.

ARTICLE 11 Charles Bailey moved that the Town raise and appropriate the sum of $6,250.00 for a copier and related service contract, and authorize the withdrawal of $6,250.00 for this purpose from the Federal Revenue Sharing Fund. Jean Lane seconded. Motion was adopted by voice vote.

ARTICLE 12 Jean Lane moved that the Town raise and appropriate the sum of $1,600.00 for two I.B.M. Selectric typewriters and au-

thorize the withdrawal of $1,600.00 for this purpose from the Federal Revenue Sharing Fund. George Stanhope seconded. Motion adopted by voice vote.

ARTICLE 13 Charles Johnson moved that the Town raise and appropriate the sum of $900.00 for three pagers for the Rescue Squad and authorize the withdrawal of $900.00 for this purpose from the Federal Revenue Sharing Fund. George Stanhope seconded. Motion adopted by unanimous voice vote.

ARTICLE 14 Jean Lane moved that the Town raise and appropriate the sum of $1000.00 to be placed in the Ambulance Capital Reserve Fund and authorize the withdrawal of $1000.00 for this purpose from the Federal Revenue Sharing Fund. George Stanhope seconded. Motion adopted by voice vote.

ARTICLE 15 Veronica Post moved that the Town raise and appropriate the sum of $1000.00 to be placed in the Highway Equipment Capital Reserve Fund and authorize the withdrawal of $1000.00 for this purpose from the Federal Revenue Sharing Fund. Mr. Post seconded. Motion adopted by voice vote.

ARTICLE 16 Charles Johnson moved that the Town raise and appropriate the sum of $4,150.00 to construct a parking lot at the Town Hall and authorize the withdrawal of $4,150.00 for this purpose from the Federal Revenue Sharing Fund. Charles Bailey seconded. To Mr. Behm's question of where and how many cars, Mr. Crandall replies that it will be on the lower side of the Town Hall and for at least 5 cars. Motion adopted by unanimous voice vote.

ARTICLE 17 Before this article is taken up, in response to Moderator Johnson's request that any article to reconsider Article 10 be done promptly, Don MacCord moves to reconsider Article 10. Donald Arsenault seconds. Much further discussion was held asking the cost of keeping the old cruiser on the road and whether it is safe, etc. Mr. Calef asks if Town can accept Mr. Grant's offer which Mr. Grant explains was an offer to repair the vehicle at cost. He feels we should get by for another year or two. Others asked if we need such high speed chases and is it worth putting much more money into. Motion to reconsider was defeated by voice vote followed by a show of hands; 37 YES 62 NO.

NOW ARTICLE 17 Donald Post moved that the Town raise and appropriate and authorize the withdrawal from the Federal Revenue Sharing Fund, for use as a setoff against the budgeted appropriation for Town Officers' Expenses, any Federal Revenue Sharing Funds not approved by Articles 9 through 16 inclusive. (Namely the $6,000.00 not voted in Article 10.) Robert Herron seconded. Motion adopted by voice vote.

ARTICLE 18 Donald Post moved that the Town raise and appropriate the sum of $3,000.00 for Street Lighting. Theresa Herron seconds. Motion adopted by voice vote.

ARTICLE 19 Charles Johnson moved that the Town raise and appropriate the sum of $1,350.00 for the care and improvements of Ceme-

teries. Donald Post seconded. Motion adopted by voice vote.

ARTICLE 20 Robert Herron moved that the Town raise and appropriate the sum of $1,352.00 for the Planning Board expenses. Donald Post seconded. Motion adopted by voice vote.

ARTICLE 21 George Stanhope moved that the Town raise and appropriate the sum of $200.00 for the Board of Adjustment expenses. Donald Post seconded. Motion adopted by voice vote.

ARTICLE 22 Charles Johnson moved that the Town raise and appropriate the sum of $2,000.00 for the fee compensation and expenses of the Building Inspector. Donald Post seconded. Motion adopted by unanimous voice vote.

ARTICLE 23 Donald Post moved that the Town raise and appropriate the sum of $8,685.00 for the operation and maintenance of the Northwood Recycling and Reclamation Area. Theresa Herron seconds. Motion adopted by voice vote.

ARTICLE 24 Veronica Post moved that the Town raise and appropriate the sum of $25,400.00 as its share of the capital and operating costs for the incinerator and energy recovery facility as set forth under the agreement for Formation of the Lamprey Regional Solid Waste Cooperative, and to allow the Selectmen to accept Federal or State, or other grants that may be available to the Town in providing it share of the project. Theresa Herron seconded. Motion adopted by voice vote.

ARTICLE 25 Donald Post moved that the Town raise and appropriate the sum of $7,000.00for the Northwood Rescue Squad and Ambulance. Theresa Herron seconded. Motion adopted by unanimous voice vote.

ARTICLE 26 Herbert Sherman moved that the Town raise and appropriate the sum of $13,647.00 for the Northwood Public Libraries. Jean Lane seconded. Motion adopted by voice vote.

ARTICLE 27 William Calef moved that the Town raise and appropriate the sum of $10,700.00 for Parks and Playgrounds. Theresa Herron seconded. Motion adopted by unanimous voice vote.

ARTICLE 28 David Behm moved that the Town raise and appropriate the sum of $580.00 for the Conservation Commission. Mr. Calef seconded. Motion adopted by unanimous voice vote.

ARTICLE 29 David Behm moved that the Town authorize the Conservation Commission to retain the unexpended portion of its 1984 appropriation of $132.03. Said funds to be placed in the Conservation Commission's savings account, in accordance with RSA 36-A:5. William Calef seconded. Motion adopted by unanimous voice vote.

ARTICLE 30 David Behm moved that the Town authorize the Conservation Commission to retain any unexpended portion of its 1985 appropriation, said funds to be placed in the Conservation Com-

mission's savings account, in accordance with RSA 36-A:5. Mr. Calef seconded. Motion adopted by voice vote.

ARTICLE 31 Theresa Herron moved that the Town raise and appropriate the sum of $7,816.25 for the Town's per capita share of the Rural District Health Council, Inc. Robert Herron seconded. Motion adopted by unanimous voice vote.

ARTICLE 32 Veronica Post moved that the Town raise and appropriate the sum of $100.00 for Rockingham Child and Family Services. George Stanhope seconded. Motion adopted by unanimous voice vote.

ARTICLE 33 Theresa Herron moved that the Town raise and appropriate the sum of $950.00 for Newmarket Regional Health Center. Donald Post seconded. Motion adopted by voice vote.

ARTICLE 34 George Stanhope moved that the Town raise and appropriate the sum of $1000.00 for the Seacoast Regional Mental Health. R.Tomasello seconded. Dr. Jackson from this agency was allowed to give a brief statement about the offices in Epping, Exeter and Portsmouth where people are treated at reduced fees. Clients pay on a sliding scale. Motion adopted by voice vote.

ARTICLE 35 George Stanhope moved to indefinitely postpone this article. Donald Post seconded. Helen Johnson asks why. Walter Crandall says that only one child in our town uses this facility. Mr. Stanhope says none appeared to ask for funds. Mr. Chesley says this is not an organization on the list of ones we can give to as a Town. Motion adopted by show of hands. 53 YES 34 NO.

ARTICLE 36 Robert Herron moved that the Town authorize the Selectmen to borrow money in anticipation of taxes and vote to raise and appropriate the sum of $12,000.00 for interest on same. Donald Post seconded. Motion adopted by voice vote.

ARTICLE 37 George Stanhope moved that this article be indefinitely postponed. Donald Post seconded. Motion adopted by voice vote.

ARTICLE 38 Donald Post moved that this article be indefinitely postponed. Lawrence Tasker Jr. seconded. Selectman Crandall explains that we have gone from 100% evaluation in 1976 to 57% now. This is to start a fund so that in 3 years we can go to the State and ask them to do our reappraisal. Motion defeated by show of hands. 39 YES 67 NO.

Charles Bailey moved that the Town raise and appropriate the sum of $22,500.00 to establish a capital reserve fund for the reappraisal of the Town by the Appraisal Division of the Dept. of Revenue Administration. The reappraisal to start in 1986 or thereafter. George Stanhope seconded. Robert Bailey says that any 50 people can go to the State and force us to reappraise. Mr. Crandall says that usually one third of the taxpayers taxes will go up, one third down and about one third will stay the same in a typical reappraisal. Motion adopted by voice vote.

ARTICLE 39 Theresa Herron moved that the Town raise and appropriate such sums of money as may be necessary to defray Town charges for the calendar year of 1985 and make appropriations of the same ($260,800.00). Robert Herron seconded. Robert Grant amends the motion to reduce the police officers' salaries from $42,836.00 to $28,000.00. Kenneth Martin seconded. Such a cut would mean we would not have full time coverage. Mrs.Richardson asks when we went to full time coverage. Charles Bailey asks Mr. Grant for an explanation of the cut. Mr. Grant says, if handled properly, we could have sufficient coverage. This amendment was passed by a YES and NO ballot: 68 YES 50 NO.

Now Mr. Chesley amends the main motion by these changes: Cruiser maintenance increased from $1,500.00 to $3000.00, Social Security reduced from $9,808.00 to $8,762.00, Unemployment taxes reduced from $720.00 to $706.00. Robert Bailey seconded. This amendment passed by voice vote.

Now the main motion with a total of Town Charges now reading $246,404.00 was adopted by unanimous voice vote.

ARTICLE 40 Richard Corning moved that the Town authorize the Captain of the Northwood Rescue Squad to respond into the Town of Nottingham and other towns with ambulance and personnel on a mutual aid agreement. Also to receive assistance from Nottingham Rescue and other Towns' emergency service personnel on a mutual aid agreement to be drawn up by the Northwood Rescue Squad and the emergency service departments of participating towns, subject to the approval of the Selectmen of Northwood and the participating towns, and the Attorney General, pursuant to RSA 53-A. Jean Lane seconded. Mr. Corning explained why they wanted to include other towns beyond just Nottingham. Mr. Calef states that we receive more help from mutual aid than we give. Motion adopted by unanimous voice vote.

ARTICLE 41 Robert Herron moved that the Town accept in memory of George Caswell a gift from the Trickey heirs, by quitclaim deed, a tract of land of Northwood Narrows bounded northerly by Route 107, westerly by the brook, easterly by land and buildings of the Town of Northwood, known as the Community Hall, formerly known as the I.O.O.F. and Grange Hall. The tract of land to be given is now known as the ice house lot. This tract to be renamed the George Caswell Memorial Land. Theresa Herron seconded. The motion was adopted by a voice vote. The clerk is instructed to write to the Trickey heirs.

ARTICLE 42 Charles Bailey moved that the Town authorize the Selectmen to convey property acquired by the Town by Tax Collector's Deed by public auction, or by advertised sealed bid, or in such other manner as determined by the Selectmen as justice may require. Charles Frary seconded. Motion adopted by unanimous voice vote.

ARTICLE 43 Donald Post moved that the Town authorize the Board of Selectmen to apply for, accept, and expend money from the State, Federal, or another governmental unit or a private source

which becomes available during the year in accordance with the procedures set forth in RSA 31:95-6. Charles Johnson seconded. Motion adopted by voice vote.

ARTICLE 44 Alan Thomson moves that the Selectmen be instructed to appoint a study committee of six or more members for the purpose of monitoring activity by the State and by other cities and towns with reference to the proposed east/west limited access highway that is proposed to run from Concord to Dover Point. The committee will hold public hearings for local input, gather information, attend legislative hearings, coordinate with groups from other towns, attempt to keep the Selectmen and the townspeople informed, and take any other action directed by the Selectmen. Theresa Herron seconded. Walter Crandall says in response to a letter from Senator Johnson that the Selectmen have agreed to form such a committee and would include representatives from Conservation Commission, Planning Board, and others. David Orr of PA, a property owner who would be affected spoke in opposition to the highway as proposed. He feels this route would be obsolete by the time it was built. Robert Johnson says a bill is now in Legislature that would fund an engineering study and buy rights-of-way. Motion adopted by a voice vote.

Walter Crandall wants to thank Coe-Brown for installing this dandy new P.A. system and letting us share it.

Robert Herron moved that we adjourn and Donald Post seconded. We adjourned at 4:55 P.M.

Respectfully submitted,

Arlene W. Johnson
Northwood Town Clerk

SPECIAL TOWN MEETING

APRIL 26, 1985

Moderator Robert A. Johnson opened this special meeting at 7:30 P.M. at the Northwood Town Hall. He read the following warrant:

ARTICLE 1 To see if the Town of Northwood will vote to change the classification of a section of the Upper Deerfield Road leading from Arthur & Pauline Marston's driveway on the easterly side of the road to the new driveway of Thomas DeMeritt on the westerly side of the road, from Class 6 to Class 5, thereby creating an extension of the Class 5 Section of Upper Deerfield Road. (By petition of 63 registered voters.)

No sums of monies to be raised or expended.

Mrs. Veronica Post moved the article as read. Jean Lane seconded. Mrs. Lane asked for the location of this road. Mr. True Chesley said it goes from Mr. Caron's house on Route 4 southerly about half way down the hill approximately 800 feet. The first 400 feet is already a Class V road. Mr. Caron asked about the end of the project. Selectman Walter Crandall said they will finish off the end to make it level.

The motion was passed by unanimous voice vote. Meeting adjourned at 7:45 P.M. after Donald Post so moved. There had been a bit of informal discussion of the proposed East/West Highway and Moderator Johnson mentioned that there would be an Interim Study of it in the Legislature with hearings to be held before December.

Respectfully submitted,

Arlene W. Johnson
Town Clerk

## SPECIAL TOWN MEETING

## NOVEMBER 23, 1985

This special Town Meeting was called to order by Moderator Robert A. Johnson at 9:30 A.M. at the Town Hall. He read the warrant as printed below. It consisted of one article changing a section of Lower Deerfield Road from Class 6 to Class 5.

Selectman True W. Chesley explained the intent of the article and moved the article as read. John Straughan seconded. Motion was adopted by a unanimous voice vote. After Mr. Reese's motion to adjourn was adopted, the meeting closed at 9:33 A.M.
Approximately 17 voters were present.

Respectfully submitted;

Arlene W. Johnson
Northwood Town Clerk

36. To see if the Town will vote to raise and appropriate the sum of $12,500.00 for a new police cruiser, and to authorize the withdrawal of $12,500.00 from the Highway Safety Capital Reserve Fund for this purpose.

37. To see if the Town will vote to raise and appropriate the sum of $2000.00 to acquire land now owned by the State of New Hampshire on the Southerly side of Route 4, lying approximately 500 feet Easterly of the junction of Routes 4 and 107 and Westerly of land of William Andreason and authorize the withdrawal of $2000.00 for this purpose from the Revenue Sharing Fund, or take any other action relative thereto.

38. To see if the Town will vote to purchase from the Roman Catholic Bishop of Manchester, the Frog Pond land, so called, lying on the Easterly side of the Bow Lake Road in back of, or Northerly of property owned by Dennis & Leona Thompson, formerly known as the George Richardson Place, and to raise and appropriate the sum of $1900.00 for this purpose. (Not recommended by the Budget Committee)

39. To see if the Town will vote to authorize the Selectmen to hire a professional forester to oversee timber harvests in the Town or to cost share with landowners in good management practices and conservation in timber harvest on their lands within the Town. Said costs shall be determined by the Selectmen and shall not exceed 15% of the actual timber yield tax revenues paid by the landowner to the Town, and further to see if the Town will vote to raise and appropriate the sum of $900.00 for this purpose.

40. We, the undersigned registered voters in the town of Northwood, New Hampshire, hereby petition the selectmen of the town of Northwood, to place the following article in the Warrant for the 1986 Annual Town Meeting:

"To see if the Town of Northwood will vote to place an earnings ceiling not to exceed $9,000.00 during any 12 month period, prior to the town voting in a full time Police Dept., for any Police Officer, including the Chief of Police." (By Petition)

41. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town Charges for the calendar year of 1986, and make appropriations of the same ($268,897.61).

42. To see if the Town will vote to authorize the Selectmen to convey for $1.00 by Selectmen's deed to the Lynn Grove Associa-

tion, two parcels of land as shown on a plan entitled "Lynn Grove, Northwood Lake, Northwood, N.H." dated June 1949, and recorded in the Rockingham Registry of Deeds in Plat 49, Page 2. One parcel being shown as the Public Parking Area and the other is shown as Public Beach. Part of the consideration is that the Lynn Grove Association after the conveyance of the land shall pay taxes on the property.

43. To see if the Town will vote to authorize the Selectmen to convey property acquired by the Town by Tax Collector's Deed by public auction, or by advertised sealed bid, or in such other manner as determined by the Selectmen as justice may require.

44. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the State, Federal, or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95-b.

45. To see if the Town will vote to adopt written welfare guidelines as proposed by the Board of Selectmen. Chapter 380 of the Laws of 1985 requires the Town to adopt written welfare guidelines prior to April 1, 1986. (Copies of the full text of the proposed guidelines are on file with the Town Clerk.)

46. We the undersigned being ten or more lawful voters of the Town of Northwood and observing that major increases in the annual number of residential building permits and applications for subdivision are occurring in the Town and further that other towns have enacted controlled growth ordinances under similar circumstances, do, pursuant to RSA 39:3 hereby respectfully request that the Selectmen insert in the warrant for the annual meeting of said Town the following articles:

> To see if the Town will vote to direct the Planning Board of the Town of Northwood to develop and present for voter action at the March 1987 annual meeting of the Town a Controlled Growth Ordinance designed to permit the Town to continue to provide necessary school and other public services without undue financial strain or delay.
>
> To see if the Town will vote to authorize and direct the Selectmen to issue a temporary regulation limiting the number of residential building permits granted per year for additional year around dwelling units, whether single dwelling, new multiple dwelling, conversion of existing dwelling units into two or more dwelling units, or conversion from seasonal to year around use. This temporary regulation is to establish a limit of 3.5% of the number of year around residential units in the Town at the end of the preceding year and be effective until the Town has acted upon a Controlled Growth Ordinance to be developed by the Planning Board. (By Petition)

47. To transact any other business that legally may come before said meeting.

Given under our hands and seal this 18th day of February in the year of our Lord nineteen hundred and eighty-six.

To the Members of the
Board of Selectmen
Town of Northwood
Northwood, New Hampshire

We have examined the combined financial statements and the combining fund financial statements of the Town of Northwood, New Hampshire as of and for the year ended December 31, 1985, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining fund financial statements referred to above present fairly the financial position of the Town of Northwood, New Hampshire at December 31, 1985, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining fund financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Northwood, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined and combining fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

TOWN OF NORTHWOOD

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1985

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of these financial statements.

### A. Fund Accounting

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types are used by the Town.

#### GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue soures (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Included in this fund type are Federal Revenue Sharing, Conservation Commission, and Special Trust Income funds.

#### FIDUCIARY FUNDS

Trust Funds - Trust Funds are used to account for the assets held in trust by the Town.

### B. Account Groups (Fixed Assets)

All governmental funds and expendable trust funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by other municipal entities in the State, the Town does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principals, is not included in this financial report.

C. Basis of Accounting

The accounts of the General, Special Revenue Funds and Expendable Trust Funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, sources of financial resources and assets are recognized when measurable and available to finance operations during the year. Uses of financial resources and liabilities are recognized when obligations are incurred from receipt of goods and services, when assessments are made by the State or in the case of judgments and claims against the Town. Exceptions to this general rule include accumulated unpaid vacation and sick pay. All Nonexpendable Trust Funds are accounted for using the accrual basis of accounting.

D. Budgetary Accounting

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operation. However, contrary to generally accepted accounting principles, it has not been the practice of the Town to adopt an annual budget for all Special Revenue Funds; namely the Special Trust Income Fund.

The Town budget represents departmental appropriations as authorized by annual or special town meetings. The Selectmen may transfer funds between operating categories as they deem necessary. State Statutes require balanced budgets but provide for the use of beginning fund balance to achieve that end. In 1985, the beginning fund balance was applied as follows:

| | |
|---|---|
| Unreserved Fund Balance to Reduce Tax Rate | $113,156. |
| Beginning Fund Balance Reserved For Encumbrance | 4,894. |
| Total Use of Beginning Fund Balance | $118,050. |

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures; and are therefore reported as part of the fund balance at December 31 and are carried forward to supplement appropriations of the subsequent year. The reserve for encumbrances at December 31 consists of the following:

General Fund

| | |
|---|---|
| Old Age Assistance | $ 300. |
| Cemeteries | 1,854. |
| Total | $ 2,154. |

F. Inventories

Inventory in the General and Special Revenue Funds consists of expendable supplies held for consumption. The cost thereof has been recorded as an expenditure at the time individual inventory items were purchased.

G. Accumulated Unpaid Vacation and Sick Pay

Vacation and sick pay is not accrued in the governmental funds using the modified accrual basis of accounting. There is no accrued vacation or sick leave. Each permanent employee must take their annual vacation leave within the calendar year. Sick leave is granted at the rate of seven days per year.

H. Taxes Collected For Others

The property taxes collected by the Town include taxes levied for the School District and Rockingham County which are remitted to these governmental units as required by law. The ultimate responsibility for the collection of taxes rests with the Town.

I. Property Taxes

The National Council on Governmental Accounting, Interpretation 3, referring to property tax revenue recognition, requires disclosure if property taxes receivable, which are to be collected beyond a period of 60 days subsequent to December 31, 1985, are recognized on the balance sheet and not reserved. In accordance with the practice followed by other municipal entities in the State of New Hampshire, the Town of Northwood annually recognizes, without reserve, all tax receivables at the end of the fiscal year. The Town feels this practice of accrual is justified as it more appropriately matches the liability to the school district entity at December 31, with collections which are intended to finance these payments through June 30 of the following year.

Annually, the Town establishes and raises through taxation an amount for abatements and refunds of property and resident taxes, known as overlay. The amount raised in 1985 was $5,394 and expenditures amounted to $6,431.

As prescribed by law, the Tax Collector sells at tax sale all uncollected property taxes in the following year after taxes are due. The purchaser at tax sale has a priority tax lien on these properties and accrues interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes

and related costs due. If property is not redeemed within the two year redemption period, the property is tax-deeded to the lien holder.

J. Interfund Transactions

During the course of normal operations, the Town has transactions between funds, including expenditures, to provide services. The accompanying fund financial statements reflect such transactions as transfers.

K. Interfund Receivable and Payable Balances

Individual fund interfund receivable and payable balances at December 31, 1985, were as follows:

| Fund | Interfund Receivables | Interfund Payables |
|---|---|---|
| General Fund | $ | $ 4,305. |
| Special Revenue Funds | | |
| Special Trust Funds | 4,080. | |
| Conservation Commission Fund | 150. | |
| Fiduciary Fund | | |
| Capital Reserve Fund | 75. | |
| Totals | $ 4,305. | $ 4,305. |

NOTE 2 - CAPITAL RESERVE FUNDS

The Capital Reserve Fund balances held by the Trustees of Trust Funds at December 31, 1985, are as follows:

| Purpose | Amount |
|---|---|
| Highway Equipment | $16,075. |
| Police Equipment | 10,921. |
| Ambulance | 10,412. |
| Fire Station | 26,453. |
| Reappraisal | 23,937. |
| Total | $87,798. |

Due to Other Governments - $29,767.

This amount represents the School District Capital Reserve Fund held by the Town Trustees.

NOTE 3 - TRUST FUNDS

The principal amount of all Nonexpendable Trust Funds is restricted either by law or by terms of individual bequests in that only income earned may be expended. The Town's Nonexpendable and Expendable Trust Funds at December 31, 1985, are detailed as follows:

| Purpose | Nonexpendable | Expendable |
|---|---|---|
| Cemeteries | $132,631. | $47,628. |
| Library | 25,706. | 6,004. |

## REPORT OF THE CEMETERY TRUSTEES

The Northwood Cemetery Trustees have met throughout 1985 overseeing the care of the six "public" cemeteries under their jurisdiction. Of those cemeteries only one, Pine Grove on Route 202, has lots for sale to Northwood residents. The other cemeteries are in East Northwood, on the Ridge, at Harvey Lake, on Canterbury Road and near Johnson's Farm in the Narrows.

All of the six cemeteries are regularly cared for by Sherman and Lawrence Elliott. The Town is indeed fortunate to have this team of dedicated caretakers who work as though these public places were their own home grounds.

Each year, the Cemetery Trustees plan to tackle at least one large project in addition to regular maintenance. This year money was spent for two fence projects; one at East Northwood and one at the Ridge.

One small but very satisfying job was also done this year. The flower urn near the vault in East Northwood Cemetery was cleaned and reset. Old records reveal that this urn was originally given by the Women's Relief Corp as a Civil War Memorial.

Certainly worth noting, too, is Perry Richarson's elegant fence project at Harvey Lake. The Trustees are very grateful for his contribution.

We have attempted to deal with two serious vandalism problems. At the Ridge, rocks from the school yard are regularly thrown over the chain link fence at memorial stones. $650.00 was spent to double the height of the fence between the school and cemetery. The vandalism continues.

Much greater damage has been done to the old cemetery at Canterbury Road. This cemetery is one of our oldest and loveliest. Some buried here were living at the time of the Revolutionary War. Many were "first settlers" of Northwood. The vandalism is shocking. The trustees invite all interested persons to visit the cemetery to see for themselves what has occurred.

The trustees do thank all, who in caring for their own lots, add to the overall good appearance of our cemeteries. Special thanks to those few individuals who work without compensation caring for the various private burying yards within Northwood's borders.

# NORTHWOOD CONSERVATION COMMISSION 1985 REPORT

The Conservation Commission has worked on the following programs during the year:

1. Contracted for cutting and cleaning out of the town's school lot, north of Lucas Pond Road. The F.F.A. students of Coe-Brown Academy did some excellent work on this project.

2. Continued regular checking on other town-owned lands.

3. For the Arbor Day Project, lilacs were planted to replace dead trees on the Town Parade. The spruce trees there were also pruned.

4. Continued the Youth Conservation Camp Program.

5. Continued monitoring of wetlands, local lakes, and acid rain levels.

6. Had members attend several area conferences on conservation including the annual workshops put on by the N.H. Association of Town Conservation Commissions.

7. Had members, in rotation, attend Town Planning Board meetings. Commission continually monitored local developments for conservation purposes.

8. Kept up with proposals on the Route 4 relocation.

9. Continued to oversee the cutting and disposing of the Berry Elm logs.

10. Provided liaison to Lamprey River Watershed Cooperative.

11. Made efforts to obtain open space areas for the Town.

NORTHWOOD FIRE DEPARTMENT
1935 - 1985
Fifty Years Of Helping People

After 50 years of striving to serve and protect the people of Northwood, we are proud of how far we have come. Today we can stand proud and show you 13 homes and businesses which without the actions of your Fire Department in 1985 would not be there.

Rapid town growth along with increased traffic on Route 4 contributed to an 8% increase in calls over 1984. Total Fire Department and Rescue Squad responses rose to an all time high of 393 runs.

There were 80 fires reported in Northwood in 1985 including 17 building fires and 19 chimney fires with wood stoves continuing to be the major cause. We responded to a record 23 brush fires during the worse brush fire season the State has seen in 50 years. Traffic continues to be a problem on Route 4 with 57 automobile accidents where people were injured.

We responded to assist surrounding towns 54 times in 1985 and received assistance 41 times. The Mutual Aid system continues to be the best way to provide excellent fire protection at a reasonable cost.

Looking to the future, this year we are asking for the final payment so that we may construct the new Fire Station in the Narrows. This station is part of a 20 year plan which started with the purchase of Engine 3 in 1981. The projected needs of the Fire Department over the next 15 years include new pumpers in 1988 and 1994. Also, the possible need of a new Fire Station on Route 43 by the year 1998.

Other needs such as full time Firefighters and a ladder truck will depend on how fast the Town grows during the next 15 years. Manpower continues to the area of most concern. Both Firefighters and Ambulance Attendants are desperately needed. We are willing to train anyone who will give us their time. We offer challenging and exciting volunteer service that you can be proud of.

In closing, have a fire safe 1986 and please take a moment to change the batteries in your smoke alarms. Smoke alarms are now required by law in all homes on each floor.

We will be glad to answer any questions and provide free wood stove inspections anytime. Please feel free to call on any officer at any time.

Learn Not To Burn,

William R. Calef
Chief of the Department

## REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulations is the responsibility of State Forestry Officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

## REPORT OF NORTHWOOD RESCUE SQUAD

## 1985

The Northwood Rescue Squad completed a very actice year in 1985. We responded to over 200 calls for assistance, resulting in the rendering of care to 181 patients. The youngest patient was a newborn girl, and the oldest a 91 year-old gentleman. We had 95 male and 86 female patients. The average ages were 42.8 for males and 40.9 for females. Of the 181 patients, 87 were residents of Northwood, while 94 were non-residents. 64 patients resided in New Hampshire, while the rest were from other states.

In terms of the severity of the need for assistance, 5 patients were in extremely critical condition, 38 were in critical condition, while the majority, 90 patients, required care and transport in the ambulance, but did not have life-threatening conditions. Forty-four patients either refused care and/or transportation, or did not require the services of an emergency ambulance or crew.

Patients were transported primarily to Concord Hospital (108) or Frisbie Memorial Hospital (11).

A review of the time spent on each run, from the time of the initial dispatch to the time that the ambulance is back in quarters and the crew can go home, revealed that 1,491 man-hours were given by the attendants in providing direct patient care. An additional 2,609 man-hours were given in support of those rendering direct patient care. Additionally, over 1,000 man-hours were devoted to the training and continuing education of the Rescue Squad personnel, for a total of over 5,100 man-hours in voluntary service to support the operation of the Rescue Squad/Ambulance.

The man-hour figures above represent the hours spent in training and on actual calls. It does not represent the number of hours "on call", when people stand by ready to answer a call. While these time statistics are in line with other towns of similar size, it is important to note that other towns are providing the coverage with more personnel.

Of the 4,100 hours spent on actual calls in direct patient care or support, 90% of the coverage was provided by 8 members, while 95% was covered by 11 members. We are grateful to any time that can be donated by any member, but in the past few years the burden of providing the service has fallen upon fewer members.

The Northwood Rescue Squad needs your help. The townspeople and business people have always been supportive financially, but now we need you more than your money. Fewer members mean longer response times to answer calls. In some instances we have needed mutual aid or private ambulances in order to transport a patient. The only way to improve this situation is for more townspeople to join the service and receive the necessary training. We can offer you no pay, strange hours, and regular interruptions at suppertime. It is also the only volunteer job with State mandated minimum requirements,

and the only paramedical position that requires recertification of the basic skill level every two years.

If you are looking for pure excitement, look elsewhere, because we get only about 1 hour of excitement each year. But if you want to learn to help yourself, your family, your neighbors, and a lot of strangers, and you feel that Northwood should continue to have this service available, then I urge you to contact any officer, or to show up at any business meeting, held on the second Wednesday each month, at 7:00 PM at the Ridge Fire Station. Bring a friend, it's easier. Remember that your help may make the difference. A life is precious both to lose or to waste.

In soliciting your help, we are reminded of the help given to us in the past. In the past year we have mourned the death of our friend and brother, N. James Morse, former Captain and Training Lieutenant. Jim was one of several members instrumental in securing the Town's first ambulance, in 1979. He devoted many hours on actual calls, in promoting and advancing rescue squad training, and in advancing his own skill to the Paramedic level. His contribution is evident each time the ambulance leaves the station.

The time has come that we cannot leave the problem to someone else. The only way that we can continue the ambulance service is to increase membership on the Rescue Squad or to hire someone full time to man the ambulance during the day shift. While the number of calls received and man-hours spent increase, the number of people willing to give their time decreases. Only your actions in the next year will determine what plan or recommendation we return to town meeting with in 1987. I hope that we will continue this service as a volunteer effort.

Respectfully submitted,

Richard W. Corning
Captain

NORTHWOOD BOARD OF LIBRARY TRUSTEES

ANNUAL REPORT 1985

It has been a good year for our Libraries with much progress and community interest and support. We have ninety-eight new patrons registered, have added 1064 (one thousand sixty-four) volumes, much of which was to replace and update the tattered and worn children's collection at both buildings but especially to upgrade the Bryant Library. The average monthly circulation stands at about 930 (nine hundred thirty). The periodical list has been revised and we have 25 (twenty-five) available to our patrons of all ages.

The Chesley Library got a new roof, commode and book cart. At the Bryant Library much has been done about weeding out old and musty materials and reorganizing the collection. A healthy air of being used has made itself apparent. Some of this was helped along by some loyal volunteers.

The "Story Hour" at the Bryant Library and the book sale last summer would not have been possible without the help of Kate LeBlanc, Lib Stimmell, Pat Savage, Doris Piper and Thelma Shaw.

A special note must be made of our volunteer Eleanor Merrill for these last years of dependable assistance. She has given an excess of 312 (three hundred twelve) hours work on such things as filing, processing and shelving; as well as errands that we cannot keep time on.

THANK YOU ALL for your time and energy and all those with donations and support for making the work of our librarian, Edith Cummings, more pleasant and keeping our libraries a vibrant part of the community.

We ended the year on a sad note, however, with the passing of Gladys Gardner, long time librarian in Northwood. She will be sorely missed by the community.

Respectfully submitted,

Theresa C. Herron, Chairman
Nathalie Wall, Secretary
Elizabeth Stimmell, Member

# REPORT OF THE NORTHWOOD PLANNING BOARD

The Planning Board held (19) nineteen subdivision hearings during 1985, of which, (3) three were rejected and forwarded to the Board of Adjustment for variances as they did not conform to the "Ordinances & Subdivision Regulations" of the Town of Northwood and (1) one was postponed until January 1986 as the subdivision plan had inadequate information.

The Planning Board held (4) four Site Plan Reviews and (3) three Lot Line Adjustments, all of which, were approved. And we approved (1) one "lot restriction" change.

Prior to approval of all subdivisions, site plans, and lot line adjustments, members of the Planning Board inspected the pertinent properties.

The Planning Board also spent much time on amendments to our existing "Ordinances & Subdivision Regulations" and a new ordinance concerning Yard Sales; to be voted on in March 1986.

Respectfully submitted,

William Wormell,

Chairman

REPORT AND MINUTES OF THE NORTHWOOD HIGHWAY ADVISORY COMMITTEE

The Northwood Highway Advisory Committee held a Public Hearing at the Northwood Town Hall on 5 November 1985. The purpose of the hearing was to accept public comment on the Committee's recommended budget for 1986.

Those present were:

| | |
|---|---|
| Robert Bailey | (Selectman) |
| Perry Richardson | (Road Agent, member) |
| Ron St. Cyr | (member) |
| Stephanie Buzzell | (member) |
| Pamela Sprague | (member) |
| Linda Schlieder | (public attendee) |

In the absence of Chairman A. John Lane, who was ill, Mr. Bailey called the meeting to order at 7:34 P.M.

The minutes of the 15 October 1985 meeting were reviewed and accepted without change by the Committee.

Mr. Richardson then recommended that three amendments be made to the budget represented in the minutes of 15 October 1985, those being:

(1) Under New Construction and Repairs, include $10,000 to complete work on Upper Bow Street, as begun during 1985 with an $11,000 appropriation, per warrant article, at the 1985 Town Meeting.

(2) Under General Expenses, include approximately $13,500 for the new Road Agent's salary.

(3) Under General Expenses, include $6,000 to provide sufficient balance to purchase a new town truck.

Following discussion, the Committee recommended against amendment (1). The Committee felt that the town, having met its original 1985 obligation to implement $11,000 worth of improvements on the road, now had an obligation to apply its limited funds to other projects in town.

Following further discussion, the Committee agreed to accept amendments (2) and (3).

Public input included a statement as to Mr. Richardson's fine job performance over the past years.

The Committee then voted to accept a recommended budget, as shown by attachment A to these minutes.

It was noted that the Committee would be required to meet again to finalize its three year work plan. Selection of a date was postponed until such time as Mr. Lane could be consulted.

The meeting was adjourned at 8:17 P.M.

MINUTES OF 3 DECEMBER 1985

On 3 December 1985, the Northwood Highway Advisory Committee met at the Northwood Town Hall to finalize the Three-Year Work Plan. The following persons were present:

| | |
|---|---|
| A. John Lane | (Chairman) |
| Perry Richardson | (Road Agent, member) |
| Robert Bailey | (Selectman) |
| Pamela Sprague | (member) |
| Byron Peck | (public) |

Mr. Lane called the meeting to order at 7:10 P.M. The Committee reviewed and accepted the minutes of the 5 November 1985 meeting, without change.

Mr. Peck stated that the condition of Blakes Hill Road and Kelsey Mill Road was extremely poor due to rutting caused by overloaded trucks. He stated that the persons responsible for the damage should be made responsible for making the necessary repairs as soon as possible. Following additional discussion, Mr. Bailey agreed to look into the situation and take action as appropriate.

Mr. Richardson stated that an amendment to the Committee's Recommended 1986 Budget was in order, due to new information. Mr. Richardson stated that there is reportedly enough money in the trust fund to cover the cost of the new truck, thereby making it appropriate to remove the request for $6,000.00 to cover the balance of the new truck. The Committee concurred with this recommendation and Mr. Bailey agreed to so notify the Board of Selectmen when preparing the final budget requests.

With respect to developing a Three-Year Work Plan, the Committee determined that the following projects should be pursued:

1986: (As reported in the Committee's Recommended 1986 Budget request. See 5 November 1985 minutes.)

1987: Surface Winding Hill Road
Surface Sunset Drive
Surface Range Road

1988: Surface Wild Goose Pond Road
Surface Old Pittsfield Road

The Committee further agreed that a long range objective should be to surface all town roads within the next five years, to avoid costly graveling on a repeated basis. In conjunction with this recommendation, the Committee agreed to ask the Planning Board to adopt a new town ordinance whereby developers will be required to upgrade to Class V standards <u>and pave</u> any portion of a Class VI road which provides frontage to a new subdivision, as well as any new road into a subdivision.

The meeting was adjourned at 9:00 P.M.

Respectfully submitted,
Pamela H. Sprague, Secretary

POLICE ADVISORY COMMITTEE - REPORT TO SELECTMEN, DEC. 13,1985

PRESENTED AT A PUBLIC MEETING, DEC. 16, 1985

Since our appointment in September by the Selectmen, this committee, in order to assess the operation and needs of the Northwood Police Department, has done the following:

a) Met weekly.
b) Sent questionnaires to other towns to gather data on the operation of other small-town police departments.
c) Sent questionnaires to former Northwood Police officers to gather information on why they left and what they'd recommend for the department.
d) Put a questionnaire in local newspspers asking for residents' comments on the operation of the police department.
e) Met with Chief Shafer twice, Officer Jake Banaian once, and questioned selectmen on several occasions. Selectman Bailey attended our early meetings; Selectmen Bailey and Chesley attended one meeting together at our request.
f) Collected information from town records, particularly information on the police budget.
g) Met with townspeople to hear their comments about the operation of the department. (We held a public hearing on Nov. 13; met with concerned citizens individually at their requests after that.)
h) Compiled all our information in tables (following); developed the recommendations which follow from these tables, other written information, our interviews, question/answer sessions and discussions.
i) Registered a formal complaint with the Attorney General's office concerning Chief Shafer's and Officer Banaian's exceeding the $9000 pay limit for part-time officers.

1. This is to be a warrant article for action at town meeting.

Institute a three-person police commission to oversee the operation of the police department. This commission would be appointed by the governor and council. Such an appointment would take effect almost immediately following town meeting.

2. Hire a new administrator (chief) for the police department.

We have a major complaint about the current management of the police department. This complaint has been brought to the attention of the Attorney General's office; no action has yet been taken by that office. Whatever that office decides to do in future, we feel action should be taken now in the town of Northwood:

The people have mandated a part-time department this year and other years. Yet, officers (including the chief) are working full-time. This year the chief has already earned approximately $15,800; last year he earned approximately $13,000. This occurred despite the state regulation stating that no part-time offi-

cer shall earn more than $9000 in one year. Officer Jake Banaian has also exceeded the $9000 limit. He's made approximately $12, 600 so far this year. Since Chief Shafer is primarily responsible for scheduling work hours for himself and his officers, we hold him responsible for this blatant defiance of the mandate of the people.

Because of this policy of allowing part-time officers to put in full-time hours, the town of Northwood has violated the New Hampshire Code of Administrative Rules pol. 101.11 and 101.13.

RECOMMENDATIONS WHICH FOLLOW ARE BASED ON THE ASSUMPTION THAT THEY WILL BE CARRIED OUT BY A NEW ADMINISTRATOR.

3. This is to be a warrant article for action at town meeting.

The position of chief should be made full-time and salaried. We feel the town needs a full-time chief and that at a starting salary range of $15,000-18,000 we could attract a full-time certified, experienced officer. In the end, by setting a salary, paying little or no overtime, and hiring a qualified full-time chief, we feel the town would save money.

4. Discontinue the current practice of allowing part-time officers to work full-time. No part-time officer should be allowed to earn more than $9000 in one year.

5. Advertise for and hire additional part-time officers so that the department can work at maximum efficiency. That is, keep a sufficient number of officers in the department at all times so no part-time officer earns over $9000 in a year, and no officer (full or part-time) need work overtime except in the most unusual circumstances.

6. Give preference to Northwood residents and residents of neighboring towns when hiring new officers. All qualifications being equal (certification, experience), we'd like officers to live in or near Northwood so when they're on call they can respond quickly.

7. Reduce spending on the following police budget items.

TELEPHONE: Eliminate one line of three along with the trunk search option.

A new line was installed this year. By year's end this line will have cost the town approximately $500. Though we've asked the chief, the selectmen, and one officer why the line was needed, we've received no explanation which makes sense to us. Considering the size of our department and the rate at which calls come in, we think two lines are plenty: one to be kept open at all times for in-coming calls; one for out-going calls. The third line for out-going calls seems unnecessary, since usually only one officer is in the police department at one time.

Use telephone services more judiciously in general. Use selective calling service whenever possible. Use the telephone in the of-

fice rather than a home phone and a credit card whenever possible.

UNIFORM EXPENSES: First, stop buying top-of-the-line uniforms. This year approximately $1400 has already been spent on new uniforms.

Second, stop allowing officers to charge cleaning of uniforms to the town. This year the town has paid approximately $640 to clean uniforms. In 12 or 15 towns we surveyed, officers were required to clean their own clothes. We recommend that Northwood follow suit.

OVERTIME: We recommend a strict overtime policy. Enough officers should be on staff to eliminate the need for overtime except in unusual and infrequent circumstances. Already this year we've paid approximately $6800 overtime (at time and a half). In our survey of 15 towns we found that only 2 towns paid overtime to the chief, and only 1 town to part-time officers.

8. All paperwork that can legally be handled by a part-time secretary should be. This year the budget allotted $3500 for secretarial services; as of September, only $811 had been used. Yet the chief complains that he spends hours typing when he could be working in the field. Since the pay rate for the secretary is lower than the rate for an officer on duty, we feel the paperwork should be left to the secretary.

9. One of the complaints of part-timers who've left the department in recent years is they weren't given enough hours to make the job worthwhile. We recommend a fair division of labor among all part-time officers.

10. Whether the town votes for a full-time chief or a part-time one, we feel he or she should make full use of the State Police. A good rapport with the State Police seems, to us, essential to the operation of a small-town police force. Whenever possible the Northwood officers should be assisting the State Police with investigations, rather than taking major responsibility for the investigations themselves. The State Police are willing and able to handle crimes and accidents within the town of Northwood. Allowing them to help will save man-hours for the Northwood Department, and, in the end, save money for the town of Northwood.

11. The Neighborhood Watch Program already established in town should be given the support it needs from the Northwood Police Department and the townspeople to continue its work.

**********

After all our research and discussion, this committee strongly believes a full-time chief, assisted by sufficient part-time officers is the best and most cost-efficient way to run the Northwood Police Department. We believe making the chief's position full-time would attract a qualified individual (full-time certified, experienced as a full-time certified officer and administrator) who could run the Northwood Police Department to the sat-

isfaction of the citizens of Northwood.

## REPORT OF THE CABLE TELEVISION ADVISORY COMMITTEE

Cable television service started being connected to homes in Northwood in the early Fall of 1985. The initial service area as defined when the franchise was originally negotiated does not reach many of the new areas of residential development. Several years ago, there were not enough homes on these roads to make installation of the cable economically viable. Now, ther are instances where new homes have created a density of potential customers that may make it possible to have cable television service without having to pay much extra for the installation. Neighbors should get together and contact the Lakes Cablevision Corp. at 1-800-952-1001 to arrange for surveys, estimates, etc. If there is any question about the methods of computing costs for extension of service to new areas, the Franchise Agreement is on file at the Town Hall or the Chairman of this committee may be called for help.

Residents of Northwood having complaints about the Cable Television service should of course contact the company first. But, then, let the Chairman of this committee know if the company is not responsive. The Committee will be meeting with the company representatives on at least an annual basis to review their performance and assure compliance with the terms of the Franchise Agreement.

# REPORT OF THE LAMPREY REGIONAL SOLID WASTE COOPERATIVE

The Directors of the Lamprey Regional Solid Waste Cooperative are pleased to report that the incinerator/energy recovery plant located on the University of New Hampshire campus is operating on a continuous twenty-four hour, seven day a week schedule.

The day-to-day operation is carried out under the supervision of the Cooperative's Administrator, under the general supervisory control of the three member Operations Committee from the Joint Board of Directors. The Plant personnel, in addition to the administrator, includes two mechanics, a truck driver, two daily shifts of 12 hours each involving 8 persons, plus daily clean-up crew and the secretary. This organization operates the incinerator system, maintains records, and coordinates with the University's Power Plant staff to monitor the boiler and steam production elements of the plant. The Cooperative's organization also handles the collection of refuse from the transfer stations of five communities, and handles the ash removal and its transfer to the landfill site.

During 1985 the Cooperative purchased a new Mack chassis with roll-on capability to handle the ash containers and the canisters from the five communities with transfer stations.

The decline in the price of oil during the past year was of course welcomed by home owners and business operators. However, the price drop significantly reduced the income of the Cooperative for the sale of steam to the University, as the revenue from steam is controlled by the price of fuel oil. Some unexpected maintenance items coupled with the plant being shut down for two weeks during which the University had the area between the plant and the recently relocated fire station regraded and paved also reduced the Cooperative's revenue from the sale of steam.

The rubbish from member communities increased by 9.375% in 1985 over that of 1984.

A major problem to be resolved during 1986 will be to locate an approved site for ash disposal. The regulatory agencies have rather arbitrarily taken the position that the ash must be disposed of within a secure landfill.

## REPORT ON NORTHWOOD PARTICIPATION IN THE LAMPREY REGIONAL SOLID WASTE COOPERATIVE

The year 1985 proved that our growing confidence in the budget estimation process was ill-founded. The drop in the world price of oil dramatically reduced our income from the sale of steam to the University of New Hampshire because the contract relates the price we are paid to the price of oil which would be the alternate source for UNH. Then, UNH paving contracts for work adjacent to the Lamprey facility were accomplished in October causing us to shut down when we could have been selling steam as opposed to a shut down in August. Such a shut down requires that we pay tipping fees at the Turnkey facility in Rochester as well as lose steam income. Scheduled repairs to the Lamprey facility were more expensive than predicted because of price increases for materials and some repairs had to be rescheduled for 1986. The net result from a financial standpoint was a deficit of about $100,000. Therefore, the Lamprey tipping fees had to be raised for 1986 when we can again expect low oil prices to reduce our income from the sale of steam.

Of special interest to Northwood is the fact that our total tonnage delivered to Lamprey has been increasing faster than the increase in new residences and businesses would indicate. We can all help keep this down by being careful to separate the heavy, non-combustible material like glass and metal from what we put in the compactor. While our Lamprey tipping fee of $24.00 a ton is less than the $30.00 expected at the new Concord facility, it still adds up to a total Lamprey bill for Northwood of about $40,000 in 1986.

## NEWMARKET REGIONAL HEALTH CENTER

The Newmarket Regional Health Center will complete its fifteenth year of service in the Spring of 1986. The Newmarket Regional Health Center operates two medical offices, one in Newmarket and the other in Raymond, the Lamprey River Clinic. Both facilities provide general medical care, preventive health services, community outreach, social services and short-term counseling with referral to area mental health agencies.

In January the new facility of the Lamprey River Clinic opened on Route 27 in Raymond. The new 6,200 sq. ft. facility will allow the Health Center to provide more services in a spacious and modern facility to the residents of the Raymond area. The renovation and expansion of the Newmarket Center is scheduled to begin in the Spring of 1986.

In 1985, Edward Benoit, M.D., a family practitioner, joined the staff as did Cynthia Rasmussen, M.D., an obstetrician/gynecologist. Other members of the medical staff include Sarah Oxnard, M.D., Karen Brainard, M.D., Michael Lewis, PA-C., Barbara Janeway, M.S.N., A.R.N.P. and Anne Fawcett, A.R.N.P. The medical team also includes registered nurses, medical assistants, and community health workers. The Health Center is affiliated with the Exeter Hospital where patients needing hospital care are admitted.

The Health Center offers a Prenatal Program under the direction of Dr. Rasmussen, which includes prenatal, delivery and postpartum care. In addition, the Health Center offers nutritional counseling and prenatal classes.

The community health workers coordinate a school health program and preventive screening clinics to detect potential health hazards. They hold informative workshops and act as liaisons between the medical providers and patients.

The Newmarket Regional Health Center also operates a Self-Care Program for the Elderly in conjunction with the Occupational Therapy Department of the University of New Hampshire. The purpose of this program is to enable the elderly to stay in their home setting as well as to maintain a quality of life and independent status within their community. The focus of the program is to provide self-care skills before disability occurs and to anticipate problems with functional activities. Contact Anne Fawcett, A.R.N.P. or Noreen Ernest, Community Health Worker at 1-800-582-7279 for more information.

The Newmarket Regional Health Center continues to operate the Senior Citizen Transportation Program. Three of the five busses are equipped with hydraulic lifts to provide services to the handicapped. The transportation service enables senior citizens to remain independent, self-sufficient and active by

providing the means to needed services, including medical, food shopping and recreational trips. For further information call 659-2424 or toll free 1-800-582-7279.

The Newmarket Regional Health Center wishes to express its deepest appreciation for the support of the Town of Northwood.

Respectfully submitted,

Ann H. Peters
Executive Director

RURAL DISTRICT HEALTH COUNCIL, INC.

ANNUAL REPORT - 1985

The Rural District Health Council remains a certified home health agency providing skilled nursing, physical therapy, occupational therapy, speech therapy, medical social services, home health aides and homemaker; a comprehensive Hospice program certified by Blue Cross - Blue Shield and G. E. Insurance.

The staff has received additional training to provide Hi-Tech nursing in the homes which could include I.V. therapy and enteral feedings. Because of the DRG's (Diagnostic Related Groupings) in the hospital, patients are not admitted as frequently and hospital stays have been shortened. A 24 hr. answering service with a nurse available 24 hrs. a day, 7 days a week has been implemented with home visits made as indicated.

An elderly maintenance health program funded in part by the State Council on Aging and the Rural District Health Council is provided with 249 patients enrolled in this program, which includes health counseling, medications, monitoring blood pressure, diet teaching and blood testing of diabetes. 563 visits have been provided with 129 influenza shots given.

The child health program has an enrollment of 588 children from ages 0 - 6 years. This program includes physical examinations, immunizations, growth and development, counseling with 56 referrals made to other community and state agencies. The program works closely with the school nurses. This year 59 school children received immunizations. There have been 1176 children seen at clinic with 761 home visits made. Within the dental program, funded in part by the Bureau of Dental Health and the Rural District Health Council, there were 299 children seen from the ages of 3 - 6 years.

A bequest to the Council may be made to further the general purpose of the Rural District Health Council. In lieu of flowers a memorial donation may be made in memory of a loved one. All gifts to the agency are income tax deductible. The Board of Directors and staff want to thank the families of the following for naming memorial contributions in their names --- Gerald Otis, Alice Katwick, Dorothy Regan, Albert Leighton, Karen Gilman, Alice Tufts, Thomas Davis, Forrest Drew and James Pierce.

During the past year the Council has made for your town 310 skilled nursing visits, 169 therapy visits, 56 home health aide visits and 0 homemaker hours. There have been 81 child health home visits and 104 child health clinic visits.

Get to know us before you need us; when illness hits there's no place like home! For more information call the office at 37 No. Main St., Farmington, N. H. - 755-2202.

ROCKINGHAM COUNTY NUTRITION PROGRAM REPORT

The Nutrition Program is a local nonprofit organization that provides services to the elderly of the county. Group lunches are provided for persons 60 years of age and older, and their spouses, Monday through Friday. Thirteen locations dot the county and serve that town and surrounding towns as well. Hot balanced meals following nutritional guidelines are cooked specifically for the elderly, and served around noon. Menu substitutions are made for those on diabetic, salt and/or calorie restricted diets. Meal site participants also enjoy such specials as soup bars, dessert bars, picnics, salad bars, special holiday dinners and the like.

In addition, hot balanced meals are sent from the centers and delivered to the homes of certified needy, elderly or handicapped, homebound persons. For the homebound meals program there is an age requirement and for the meals on wheels program there is an income requirement. For homebound clients needing meals more than 5 days per week, canned or frozen weekend and holiday meals are provided. For any of the meals, a dollar donation is requested from the clients.

The Nutrition Program also provides support services: information, some transportation, shopping assistance, nutrition education, health referral, welfare referral, home visits, tasks for homebound clients, and educational and recreational activities.

The Nutrition Program is an important community resource which helps to keep the elderly in their communities and in their homes; and out of much costlier nursing homes. Many needy people have been, and are being served.

Specifically in Northwood, 15 elderly were served in the year ending September 30, 1985. For this area the meals are provided out of St. Paul's Church in Candia. Currently, 52 meals per day are served; about 14 eat at the church while 38 are delivered to the homebound. This site covers the towns of Candia, Auburn, Deerfield, Northwood, Nottingham, and occasionally some Raymond residents. Last year, 12,212 meals were served. We are pleased to be able to provide meal service to the elderly of Northwood.

If you know of anyone who could benefit from this service, or if you are interested in visiting or knowing more about the program involving your area, feel free to call us at 679-2201 or call your local meals manager, Doris Plante, at 483-5330 from 10:00 - 1:00.

Sincerely,

Debra Perou-Hermans

## PETITION

We the undersigned being ten or more lawful voters of the Town of Northwood and observing that major increases in the annual number of residential building permits and applications for subdivision are occurring in the Town and further that other towns have enacted controlled growth ordinances under similar circumstances, do, pursuant to RSA 39:3 hereby respectfully request that the Selectmen insert in the warrant for the annual meeting of said Town the following articles:

To see if the Town will vote to direct the Planning Board of the Town of Northwood to develop and present for voter action at the March 1987 annual meeting of the Town a Controlled Growth Ordinance designed to permit the Town to continue to provide necessary school and other public services without undue financial strain or delay.

To see if the Town will vote to authorize and direct the Selectmen to issue a temporary regulation limiting the number of residential building permits granted per year for additional year around dwelling units, whether single dwelling, new multiple dwellings, conversion of existing dwelling units into two or more dwelling units, or conversion from seasonal to year around use. This temporary regulation is to establish a limit of 3.5% of the number of year around residential units in the Town at the end of the preceding year and be effective until the Town has acted upon a Controlled Growth Ordinance to be developed by the Planning Board.

1985 SCHOOL DISTRICT MEETING

MARCH 4, 1985

The meeting was called to order by Moderator Robert Johnson, at 7:05 P.M. Mr. Johnson read the School Warrant, and stated that we would take up Articles 1 through 6 then skip to Article 8, then back to Articles 7 and the remaining Articles.

ARTICLE 1 To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto. Bunny Behm moved that we accept all reports. Seconded by George Stanhope. Passed by a verbal vote. Article - Adopted.

ARTICLE 2 To see if the School District will authorize the School Board to receive and expend during to current fiscal year, the sum of one thousand dollars ($1000) in unanticipated Federal School Lunch reimbursements for the purpose of renovating the kitchen floor at the Northwood Elementary School. (Supplemental Article - recommended by the Budget Committee.) Mrs. Behm stated that this is an In and Out item. Article was moved by Donald Post and seconded by Connie Madison. Passed by a verbal vote. Article - Adopted.

ARTICLE 3 To see if the School District will vote to raise and appropriate in addition to the original 1984-85 appropriation a sum of fifty-two thousand six hundred eleven dollars ($52,611) to be made available to the School District prior to July 1, 1985, in order to meet unanticipated obligations caused by mandated Special Education tuition expenditures. (Deficit appropriation - recommended by the Budget Committee.) This article was moved by Donald Post and seconded by George Stanhope. Passed by a verbal vote. Article - Adopted.

ARTICLE 4 To see if the School District will vote to raise and appropriate a sum of money not to exceed five thousand dollars ($5000) from the unencumbered balance at the end of the 1984-85 fiscal year. Said sum of money will be deposited in the Capital Reserve Fund in accordance with the provisions of RSA:35 for the purpose of financing capital improvements as well as all or part of the cost of new construction for the School District. The Article was moved by James Colburn and seconded by Robert Madison. Passed by verbal vote. Article - Adopted.

ARTICLE 5 To see if the School District will vote to raise and appropriate the sum of five thousand dollars ($5000) for contingency fund as provided by N.H. Revised Statutes Annotated 198:4-b. Mrs. Behm explained that this money would be used for emergency purposes only. It has been used in the past for repairs to the furnace, septic system, and other emergencies. Donald Post moved "that we indefinitely postpone this Article". Seconded by Robert Herron. A verbal vote was taken by the Moderator, and Mr. Post's motion DID NOT pass. A Motion was made by James Colburn, "to accept the original Article as read". This was seconded by Lois De Trude. A verbal vote was taken and the Article was Adopted.

ARTICLE 6 To see if the School District will vote to raise and appropriate a sum of money not to exceed three thousand two hundred dollars ($3,200) for the purpose of reimbursing the Advent Christian Church on half the cost of renovating the upstairs floor of the Brookside School. Article was moved by Terry Herron and seconded by Lois DeTrude. Passed by a verbal vote. Article - Adopted.

ARTICLE 7 To see if the School District wishes to raise and appropriate the sum of ten thousand dollars ($10,000) for the purpose of constructing a recreational field on the lower field, known as the Old Fairgrounds, located immediately behind the Northwood Elementary School for the mutual benefit and use of the School District and Community. It is the intent of this article to authorize the School Board to conduct whatever excavation, grading, seeding and other site improvements as deemed necessary to construct the field referenced above. (By petition) This Article will be taken up after we act upon Article 8.

ARTICLE 8 To see if the School District wishes to raise and appropriate the sum of ten thousand dollars ($10,000) for the purpose of constructing a recreational field on the lower field, known as the Old Fairgrounds, located immediately behind the Northwood Elementary School for the mutual benefit and use of the School District and Community. It is the intent of this article to authorize the School Board to conduct whatever excavation, seeding and other site improvements as deemed necessary to construct the field referenced above, and furthermore, to direct the School Board to apply for, accept and expend off-setting revenue in the amount of five thousand ($5,000) dollars in Federal Land and Water Conservation Funds for the Recreational Field Project cited in Article 7 above. (Failure to receive approval for the five thousand dollars ($5,000) in Federal Funds referred to above, will render this article null and void.) Mrs. Joann Bailey asked to have this article explained. Barry Clough (Superintendent of Schools) stated that there maybe funds available. Linda Schlieder asked if there were any Federal stipulations? Bunny Behm stated that by accepting Federal funds it would tie up this land forever. George Stanhope made a motion to indefinitely postpone this article. It was seconded by Robert Bailey. Passed by verbal vote. Article - Indefinitely postponed.

ARTICLE 7 Douglas Briggs moved that we accept article 7 as read. Robert Bailey seconded. Bob Bailey expalined what has to be done and how the soil has to be excavated, etc. This Article was passed by a verbal vote. Article - Adopted.

ARTICLE 9 To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the salaries of School District officials and agents, and for the payment of statutory obligations of the District. Richard Lilly moved that we raise and appropriate the sum of $1,528,582.00. This was seconded by Betsy Colburn. Bunny Behm stated that this total of $1,528,582.00 includes monies for Articles 2,3,5,6 and 7 (a total of $71,811). It was passed by a verbal vote. Article - Adopted.

ARTICLE 10 To hear the report of the Coe-Brown Northwood Academy

Tuition Contract Committee and to see whether the voters of the District will vote to accept the contract recommended by said committee. Donald Post moved that we accept this Tuition contract with Coe-Brown Academy. Seconded by George Stanhope. Shirley Smith asked if Coe-Brown is now Certified by the State of New Hampshire? Barry Clough stated that it has the highest rating, right now, in the State, and he spoke in regards to the need for a contract. Phyllis Thomson felt that it was a poorly worded contract. Robert Madison asked who wrote the contract? Mrs. Behm stated that it was written by the Committee, School Board and Board of Trustees of Coe-Brown Academy; and was reviewed by a lawyer. It is similar to the one used by Pinkerton Academy in Derry, N.H. Mr. Robert Herron asked for a YES - NO ballot. A vote was taken: YES 54 NO 8 Abstained 1; for a total of 63 votes cast. Article - Adopted.

ARTICLE 11 To see if the School District will authorize the School Board to make application for and receive and expend, in the name of the District, such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and/or State agencies; private agencies and/or other sources in accordance with the provisions of RSA 198:20-b. Walter Crandall moved that we accept this Article as read. Robert Herron seconded. Article passed by a verbal vote. Article - Adopted.

ARTICLE 12 To choose agents and committees in relation to any subject embraced in this warrant. Donald Post moved that this article be postponed. Seconded by Mr. Herron. Verbal vote was taken and passed. Article - Postponed.

ARTICLE 13 To transact any other business which may legally come before this meeting. Richard Shaw stated that this year's Annual Report of the School District be dedicated to Mrs. Constance Ruth Linnell in appreciation for 14 years of service as Treasurer for the Northwood School District, and moved that we give Mrs. Linnell an Official Certificate. The audience gave a standing ovation.

The meeting was adjourned at 9:00 P.M.

SPECIAL SCHOOL DISTRICT MEETING

OCTOBER 2, 1985

A Special School District meeting was called to order at 7:05 P.M. by Moderator Robert Johnson, who read the Warrant.

ARTICLE 1 - To see if the District will vote to apply for, accept and appropriate, during the current 1985-86 school year, the sum of twenty-five thousand three hundred twelve dollars and seventy-two cents ($25,312.72) in anticipated State Foundation Aid (Augenblick Plan Funds); said monies are to be in addition to and not revenue against the monies raised and appropriated at the March 1985 School District Meeting; said sum of money to be deposited in the Capital Reserve Fund established in accordance with the provisions of RSA-35 for the purpose of financing capital improvements as well as all or part of the cost of new construction for the School District.

ARTICLE 2 - To transact any other business which may legally come before this meeting.

Mrs. Behm made an amendment to Article 1 which read as follows: She moved that the District vote to raise and appropriate, during the current 1985-86 school year, the sum of twenty-seven thousand three hundred forty-one dollars and eighty-five cents ($27,341.85), which the School District anticipates receiving in State Foundation Aid (Augenblick Plan Funds); said monies are to be in addition to and not revenue against the monies raised and appropriated at the March, 1985 School District Meeting; said sum of monies to be expended for the purpose of remodeling of facilities.

Mr. Barry Clough, Supt. of Schools for the District, explained the reason for this amount of monies as well as the rules governing this revenue.

Moderator Johnson would allow the motion as amended by Mrs. Behm.

Mr. John Lane asked for a YES/NO ballot. Mr. Lane noted that we are voting to preserve this money for the voters in March to decide what to do with it. Moderator Johnson noted that there is a new formula the Legislature is using this year for revenue of this sort.

A ballot vote was taken, YES 9 NO 2, making a total of 11 votes cast.

Mr. Lane made a motion that the School Board be directed not to expend or obligate the District of these funds until they receive approval from this District. Seconded by George Stanhope. Passed by verbal vote.

No further business; the meeting was adjourned at 7:45 P.M.

In a recent report published by the Research and Policy Committee of the Committee for Economic Development entitled INVESTING IN OUR CHILDREN, BUSINESS AND THE PUBLIC SCHOOLS, recommendations were made for improvements in public Education. One of these recommendations called for a "bottom-up strategy". The "bottom-up strategy" stressed the importance of the individual school as the place for meaningful improvements in quality and productivity relative to the learning process. These recommendations stressed the importance of eliminating restrictive regulations from government, strong parental involvement and shared decision making among students, teachers, administrators and the community served by the individual school. I believe the Northwood School System reflects to a very large degree, the "bottom-up strategy" recommended in this report. As I review the past year, the School Board, administration and staff have modeled this particular strategy in an admirable manner devoting many long hours and much effort to improving the quality of educational opportunities to the children of Northwood.

The focus of such a strategy of shard decision-making must be the learning process defined as the interaction which occurs between teacher and child. Curriculaum review must be an on-going process if the quality of this basic relationship is to be maintained. In this regard, specific areas undergoing curriculum revisions are social studies, mathematics and the development and expansion of programs for gifted and talented children and student offerings in computer education.

I am pleased to report the first year of the long term tuition contract between Coe-Brown Academy and the School District has been a smooth one with a minimum of points in need of clarification. I believe the successful implementation of this contractural arrangement simply underscores the mutually rewarding benefits to both parties.

The Summer Institute program continues to offer opportunity to our students to expand their communication and reasoning skills. I believe it is extremely important to continue our commitment to this program as it expands into a regional effort in cooperation with School Administrative Units 21 and 50.

Northwood appears to be on the threshold of major growth and the School Board and administration are devoting increased time and effort to the long range planning process. Article 5 of the 1986 warrant proposes an appropriation to retain outside consultants to conduct a comprehensive review of community growth patterns and recommendations concerning future building needs of the District. I strongly believe this Article should receive your very careful attention and support. The School Administrative Unit staff stands prepared to assist these efforts and to continue to

provide support and assistance in business management, special education coordination and supervision, negotiations, staff development programs and curriculum revision.

I wish to express my appreciation to the members of the School Board for their untiring efforts on behalf of the District and the School Board members, the principal and teachers for the cooperation demonstrated during the past year.

Respectfully submitted,

Barry L. Clough

PRINCIPAL'S REPORT

1984-1985

To: Northwood School Board and Citizens of Northwood.

We have opened the 1985-1986 school year with an enrollment of 325 pupils. The breakdown is as follows:

| | |
|---|---|
| Kindergarten | 38 |
| Grade 1 | 41 |
| Grade 2 | 28 |
| Grade 3 | 37 |
| Grade 4 | 29 |
| Grade 5 | 47 |
| Grade 6 | 35 |
| Grade 7 | 34 |
| Grade 8 | 36 |

New Staff members this year are:

| | |
|---|---|
| Grade 1 | Nancy Childress |
| Grade 2-3 | Katherine Yager |
| Grade 5 | Linda Gayer |
| Music | Cynthia Armstrong |
| Art | Colleen McCann |
| Spec. Ed. | |
| Grade 5-6-7-8 | Richard Hatch |
| Librarian | Libby Kotler |

Major Goals for 1985-1986:

1. Implementation of a Gifted and Talented Program. The staff and administration have been working on a program for enriching the academic programs of many of our gifted students. Special programming has been set up in the creative arts and advanced academic areas. Problem solving and creative thinking are the basis of our curriculum.

2. A math revision has been implemented for grades K-8. The staff is looking at textbooks and other teaching aids to supplement the math program. We will be reviewing at least 10 programs before a decision is made.

3. A review of our Special Education program has been started. We are to be reviewed by the State Special Education department. We hope to have made some critical decisions on student placements as to whether we continue to maintain all of our students at the local level. The major goal of our program is to have students return to their regular programming as soon as possible.

4. The areas of Computer Training and the Writing Process are

on-going concerns of our staff. The improvement of writing throughout the school has been noticeable since all students in grades K-8 are in this program. Computers have been introduced at all levels of the school and the students have become very competent in working with computers.

5. Our new expanded Music and Art programs have placed students into these areas at an early age. We have over 50 students in our band program and the interest level is very high as this program continues to grow. Our art program is reaching all age groups and students who have a strong apptitude in this area have found an excellent outlet for their interests.

Physical Plant: The custodial staff has kept our building in excellent shape. I feel the building looks as good today as when the renovations were completed two years ago. The new insulation has saved a large amount of energy and we find we are using a great deal less fuel oil. Over the past summer a new Athletic field was built in the lower field; this field will be of great help to not only the school but to the whole community. I want to personally thank the Johnson family and Robert Bailey for their assistance in this project - we couldn't have completed this project without them. A new paved area was added to our playground area. The playground area is very rough and muddy during much of the year and this paved area will greatly expand the available area for students to utilize. We attempted to correct many problems at the Brookside School and most of these were taken care of this summer.

I feel that this year has been off to an excellent start. We are trying to address the needs of all of our students and hopefully we are doing so. This cannot be accomplished without quality teachers and support personnel. The citizens of Northwood have always been supportive of the educational programs at the school and without this support we would be unable to maintain these programs.

I wish to add a special thanks to all of the Administrative personnel at our S.A.U. office in Farmington. Mr. Clough, our Superintendent has always been supportive of innovative programming which is extremely beneficial to any school.

Finally, I wish to thank the Northwood School Board for their time and effort in behalf of quality education in Northwood.

I look forward to continuing to work with them and with the people of Northwood on behalf of our school.

Respectfully submitted,

Thomas R. Conway, Principal

# SCHOOL HEALTH REPORT

## 1984 - 1985

School health services for the present year 84-85 include; physical inspection of each student, vision and hearing screening, general health, teeth and tonsil condition. All students in grades 7 and 8 received a blood pressure check. Those children in grades 5-8 received Scoliosis screening.

Vision & Hearing Tests - 332 students
Scoliosis Screening - 118 students
Blood Pressure - 89 students
Heights & Weights - 332 students
First Aid - 950 students
Home Visits - 5
Doses of medication administered - 205

Children Ill Home - 16
Parent Conference - 120
Students to Doctor - 4
Preschool Vision & Hearing - 115
Kindergarten registration - 25

DENTAL PROGRAM - The Dental Clinic was well received again this year with 127 children taking part in the fluoridation and cleaning program. This Clinic was sponsored by the N.H. Bureau of Dental Health and Mrs. Linda Sawyer RDN of Epsom conducted the clinic. Many students were able to receive this service free of charge thanks to donations from the Saddleback Mountain Lions Club and the Harvey Lake Womens' Club.

IMMUNIZATION PROGRAM - Students or preschool children are able to receive immunizations free of charge through the Rural District Health Council. For appointments at Well Child Clinic call: 1-755-2202.

COMMUNICABLE DISEASES - There were 10 reported cases of Chicken Pox during the past year. The Fall brought with it some cases of Head Lice and many cases of Strep Throat. One case of Mononucleosis was also brought to my attention by concerned parents.

STUDENT HEALTH RECORDS - Medical records are kept on all students from the time they enter school through Grade 8. These records are considered confidential and kept in a locked file.

Parents or Guardians are urged to contact the school nurse if you have any concerns regarding your child's health. If your child visits the Doctor or receives immunizations, please let the nurse at school know of these changes.

HEALTH EDUCATION - Health lessons and activities, film strips, movies, and speakers were presented to Grades 1-8 every other week. Special units were also presented to the Kindergarten level. The 6th grade students completed the Red Cress Basic First Aid Program.

CONTINUING EDUCATION -

School Nurse Institute; St. Anselms College
Birth Order by Jack Agate at a Barrington workshop
Child Lures - A guide to Preventing Abduction by Dr. Ken

Wooden in Concord
Health Related Fitness Test Workshop - Wakefield
Scoliosis Screening Workshop by Dr. Clark - Concord
Grow and Go - Nutrition Workshop - Durham
"Here's Looking At You Two" - Drug Health Education - a 4 day Seminar - Kearsarge Regional High School

A special thanks to all staff, School Board members, Mr. Conway, parents and especially the kids for making my first year a very memorable one.

Respectfully submitted,

Dottie Demmons, R.N.
School Nurse
